ABOUT ME

I'm a computer science engineering student with a passion for programming languages, particularly Java, and an interest in web development. This combination of skills and interests positions me well for a future in software development, where I can build robust applications and create engaging web experiences. My journey in mastering these areas will involve deep dives into algorithms, data structures, and the latest web technologies, all of which are crucial for a successful career in tech.

CERTIFICATIONS

Nasscom FutureSkills Course :Digital 101 - 30 hours   Jun 2024

– Completed Nasscom FutureSkills "Digital 101" Course: Acquired foundational knowledge in digital technologies, including cloud computing, AI, big data, and IoT.
